2008-2009 ALUMNI PROGRAM COMMITTEE

The 2008-2009 Alumni Program Committee is led by **Mr. Dan Hodges**, Core Program Class of 2004 and Program Manager of the Technology Integration Office for Intel Corporation in Rio Rancho.

The Leadership New Mexico Alumni Program was launched in September 2001. The goal of the program is to further the education and challenge the thinking and perspectives of graduates in a meaningful and dynamic way. By interacting with graduates from other classes, alumni continue to be exposed to a diversity of education, experiences and regional perspectives, as well as foster the professional and personal relationships that are one of the greatest assets of Leadership New Mexico.

The Liverpool Legends play at the 2006 Alumni Awards Dinner

The Alumni Program Committee is responsible for keeping Leadership New Mexico alumni engaged in the organization. This committee is the behind-the-scenes group who plan and organize all alumni activities, including the Winter Issues Update and the Annual Alumni Awards Dinner. Without this group of dedicated individuals, we would not be able to maintain the valuable network of Leadership New Mexico alumni across the state.

Alumni Tour of FLETC
