Over the past twenty-three years, Leadership New Mexico has identified and enhanced leaders throughout New Mexico by providing a forum for participants to strengthen their knowledge of challenges and opportunities facing our state. Leadership New Mexico participants and alumni are from diverse ethnic, gender, regional and business backgrounds and continue to grow and touch all of New Mexico’s communities, large and small. There have been more than 1,600 participants from 85 communities across the state. Leadership New Mexico celebrates the legacy of “Shaping New Mexico, One Leader At A Time.” It is through program graduates like Renee and companies like TriCore Reference Laboratories that we create a better future for our great state. TriCore Reference Laboratories has been a Defender of Health since 1998. Headquartered in New Mexico, TriCore offers 2,900* state-of-the-art clinical tests as well as analytics and research services.
